

## **Animal Surrender Undertaking letter**

This is a confirmation that an unfortunate event of surrendering an animal is planned between Yanni Animal Welfare – license # 99 and Name : ..... Mobile : ..... Emirates ID : .....

- I have well studied this decision and understand all possible consequences that will result
- All the informations submitted in the surrender form are correct .
- I will pay all the fees as per YAW's rules and know that its non refundable.
- In case any informations in the form I filled , (or provide separately through other communications methods) turn to be false , and consequently results in intellectual burden/ financial loss for YAW , I will be responsible to pay the incurring expenses as per YAW's estimation without them having to provide me with any expenses bills ( just the official invoice issued by YAW on my dues).
- I understand that in some conditions if the animal is discovered by YAW to have illness that will prevent him from being adopted or released and will need a long term treatment / care , I am obliged to pay the expenses of medical care + sheltering OR to take the animal back from YAW.
- I understand that once the animal is handed over to YAW , he is considered a property of YAW.
- YAW is not responsible for any incidents happening during the presence of the animal at its shelter / foster home before reaching the animal's final destination.
- I will not demand YAW to provide any informations on the destination of the animal , name of adopters ( if he gets adopted) or the location of the release ( if he is released ) .
- If I ever get any of the above informations on the destination , I will not try to contact the adopter or visit the place.
- In case I change my mind and want the animal back , YAW is not obliged to return it back unless the higher management approves it ( admin fees will be deducted from amount I paid).
- I will not buy or adopt any animals in the future ( even from different animals breeds) unless approved by YAW (for the adoption part only NOT THE BUYING OPTION)
- In case I get the above mentioned approval , I will adopt only from YAW.
- If I am a rescuer, I will join YAW membership and work under their supervision and will not take in more animals into my place unless they are special needs animals.
- I promise to be responsible community member and not broadcast any false news that YAW has a shelter to family / friends to surrender their animals to YAW but will advice them to contact YAW for advices only.

Release fees / adoption process fees :.....AED

Monthly amount for animal care : .....AED

Total : .....AED
